## **MANAGEMENT DISCUSSION AND ANALYSIS REPORT**

### **❖ FORWARD-LOOKING STATEMENTS**

Your Company is engaged in the production of ferro alloys, a value-added intermediate product which imparts the non-corrosive property to stainless steel, captive power plant and own alloys ore mines. As such, the outlook for your Company is closely linked to that of the stainless steel industry and the demand for ferro alloys in particular is also influenced by the price & availability of stainless steel scrap and nickel. The Company, therefore, cannot guarantee that these assumptions and expectations are accurate or will be realized.

Further, The consent of the members of the Company have been accorded in the 37th Annual general Meeting held on 16th September, 2021 to sell all the plant & machineries and adjoining structures, pollution control equipment and electrical establishments situated at Plot No. 216, Plot No. 217 (part) and Plot No. 218 (part) Sector-C, Urla Industrial Complex, Raipur-493221, Chhattisgarh together with all specified plant and machineries and other electrical equipment and other assets in relation to the plant (“hereinafter referred to as Plant”) of the Company situated on leasehold land from CSIDC due to non -renewal of the lease of the land by the CSIDC. However, Company decided to give consent to the CSIDC for the disposal of the same at a price being determined by them. Accordingly the Company received Rupees 1,27,48,861/- (Rupees One Crore Twenty Seven Lakhs Forty Eight Thousand Eight Hundred and Sixty One Only) from CSIDC towards the sale of the Plant & Machinery.

### **❖ INDUSTRY STRUCTURE AND DEVELOPMENTS**

Ferro Alloy Industry was established to cater to the needs of steel industry. Ferro alloys are used as additives and deoxidizing agents in steel manufacture. Steel producers use Ferro manganese, Silico Manganese and Ferro Silicon, while stainless steel units use Ferro alloys and charge chrome. Ferro alloys are one of the important inputs in the manufacture of alloys and special steel. They are used as deoxidizers and alloy additives in the steel manufacturing process. They impart special properties to steel. The alloys provide increased resistance to corrosion, improve hardness and tensile strength at high temperature, give wear and abrasion resistance and increases creep strength, etc.

The growth of Ferro-alloys Industry is, thus, linked with the development of the Iron and Steel Industry, Foundry Industry and to some extent Electrode Industry. The principal ferro-alloys are chromium, manganese and silicon. The product series consists mainly of ferro-manganese, silico-manganese, ferrosilicon and ferro-chrome. Ferro-alloys are classified into two main categories, viz, bulk ferro-alloys and noble ferroalloys. Owing to high cost of power,

Ferro alloys production in India is about six decades old. In India bulk ferro alloys production through electric submerged arc furnace route made a beginning in late 1950s. After the invention by

Soderberg of self- baking type electrodes, this became the most preferred way for making bulk ferro alloys of Silicon, Manganese & Chromium in the world..

At present, major portion of the ferro-alloys produced is exported. Ferro-manganese, ferro-silicon, high carbon ferro-chrome and charge-chrome are exported after meeting the domestic requirements. To ensure that a healthy production growth is maintained, certain exclusive stimulus/relief need to be provided by the government as the steady growth and potential in business and development is subject to effective resolution of various bottlenecks which the industry currently faces.

#### ❖ **OPPORTUNITIES AND THREATS**

The Indian steel industry has experienced a significant revival in domestic demand since emerging from the first lockdown last year. During the March 2020 lockdown, many of the country's largest steelmakers switched to exports before domestic demand revived in the summer and autumn. Steel demand in India is strong because the economy has shown robust growth in the past two quarters. The surge in Covid-19 cases is a concern if the situation doesn't plateau out by May-June. As a good hedge to the domestic sector, the large steel mills are also exporting a lot of semis due to high prices and increased demand from China and South East Asia,

The emergence of the COVID-19 pandemic is likely to significantly affect the steel output in China, which, in turn, is expected to hamper the ferroalloys market in 2020. New cases of coronavirus in India have surpassed 350,000 per day and steel plants in the country have been supplying liquid medical oxygen (LMO) to hospitals because of the ongoing shortage of available oxygen. Diverting supplies of oxygen away from the plants could result in reduced steel output. This comes on the heels of a difficult period for the industry in 2020, when it struggled with tariffs and experienced early signs of a demand slowdown.

Steel plants had been pressed into action to meet the call of the nation, the ministry said. All capacities of steel plants, including the production of liquid nitrogen and argon, have been redirected towards production and supply of medical oxygen.

Many of India's top steel makers have reported their best ever performance for production or sales in their most recent results. Steel production has already gone down, and the government is not allowing oxygen supplies to steel mills, and without oxygen it's difficult for a plant to run. Even normal furnaces need some gas and charge. It's difficult in these circumstances to run a factory. Manpower is also becoming a bit of an issue, laborers have started going back to home towns, it might become a severe issue if it doesn't come under control.

#### ❖ **SEGMENT WISE REPORTING**

There is no segment reporting in the Company during the period under review.

## ❖ **OUTLOOK**

Demand for ferro alloys during the year was subdued in the first half as a result of the continuing effect of the global financial meltdown which saw stainless steel producers cutting back sharply on off-take. The major risk for ferro alloys continues to be slack demand as a result of a slowdown in the stainless steel industry. Although production of stainless steel is once again on the growth path, any stutter in the global economic recovery will once again put pressure.

The ferro-alloy units have incorporated the latest technology in order to use non metallurgical grade ores, both lumps and fines, after necessary beneficiation and agglomeration. The units have also incorporated an effective pollution control measures in the form of gas cleaning, deoxidising and waste heat recovery.

## ❖ **INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY**

The Company has placed systems and procedures of internal control and checks in operation commensurate with the size and the nature of its business for optimum utilization of available precious resources. The mechanism of internal control and checks are reviewed by the management, internal and statutory auditors from time to time and suitable changes/modifications are implemented so as to ensure that an effective scheme of checks and balances exists at all times. The management is reasonably satisfied with the existing internal control systems. The Audit Committee of Board of Directors also reviews these matters from time to time in their meetings.

## ❖ **MATERIAL DEVELOPMENTS IN HUMAN RESOURCES/INDUSTRIAL RELATIONS FRONT, INCLUDING NUMBER OF PEOPLE EMPLOYED**

The Company recognizes the fact that manpower is the most vital resource. The company ensures that its employees are provided the best working environment and compensated with attractive remunerations. Employees are encouraged to be innovative and involved to pursue their goals which are allied with the larger interest of the company. Presently the operations of the Company are not going on large scale and there were two employees in the Company in the end of the Financial Year ended 2022.

## ❖ **DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE**

Your Company's revenue from other Income for the current financial year, 2021-22 is Rs. 76.81 Lacs. Further, your Company has posted a loss of Rs. 113.01 Lacs this year as against loss of Rs. 171.39 Lacs in the previous financial year.

❖ **RISKS AND CONCERNS**

In any business, risks and prospects are inseparable. As a responsible management, the Company's principal Endeavour is to maximize returns. The Company continues to take all steps necessary to minimize its expenses through detailed studies and interaction with experts; **major risks and concerns are as follows:**

**Global Economic Slowdown**

In the past years, the continuing Euro-zone problem, slow growth in developed economies and a cooling of emerging economies took a toll on the industry.

❖ **DETAILS OF SIGNIFICANT CHANGES (I.E. CHANGE OF 25% OR MORE AS COMPARED TO THE IMMEDIATELY PREVIOUS FINANCIAL YEAR) IN KEY FINANCIAL RATIOS, ALONG WITH DETAILED EXPLANATIONS;**

During the year under review the Inventory turnover ratio and Debtor turnover ratio has not been computed due to NIL turnover in the Company in the financial year 2020-21 and 2021-22.

Further, the Debt equity ratio has not been computed due to negative equity, the Operating Profit margin has not been computed as there are no revenue from operations in the Company and the net Profit Margin and Interest Coverage Ratio cannot be computed due to losses in the financial year 2020-21 and 2021-22.

S.NO	Key Ratios	FY 2021-22	FY 2020-21	Change in %
1	Current Ratio	0.00	0.18	100

**Reason for significant changes in above key ratios are as follows:**

- Current ratio decreases as compared to previous financial year 2020-21 due to decrease in the Current Assets and Current Liabilities in the current Financial Year 2021-22.

❖ **DISCLOSURE OF ACCOUNTING TREATMENT**

The Financial statement of the Company is prepared as per the prescribed Accounting Standards and reflects true and fair view of the business transactions and there is no deviation in following the treatment prescribed in any Accounting Standards (AS) in the preparation of financial statements of the Company.

❖ **CAUTIONARY STATEMENT**

Statement in this Management's Discussion and Analysis detailing the Company's objectives, projections, estimates, expectations or predictions are "forward-looking statements" within the meaning of applicable securities laws and regulations. Actual results could differ materially from those expressed or implied. Important factors that could make a difference to the Company's operations include global and Indian demand-supply conditions, finished goods prices, feedstock availability and prices, cyclical demand and pricing in the Company's principal markets, changes in Government regulations, tax regimes, economic developments within India and the countries within which the Company conducts business and other factors such as litigation and labour negotiations.

## INDEPENDENT AUDITOR'S REPORT

### TO THE MEMBERS OF MONIND LTD (FORMERLY KNOWN AS MONNET INDUSTRIES LIMITED)

#### Report on the Standalone Ind AS Financial Statements

#### Qualified Opinion

We have audited the accompanying standalone financial statements of **MONIND LTD (FORMERLY KNOWN AS MONNET INDUSTRIES LIMITED)** ("the Company"), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, **except for the impact of the matter described in "Basis for qualified opinion" para hereunder**, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, the profits (including other comprehensive income) changes in equity and its cash flows for the year ended on that date.

#### Basis for Qualified Opinion

- a. **During the year, the Company has no major business activities and in view of continued liquidity constraints, the Company has sought waiver of interest on unsecured short-term loans. In view of aforesaid, no provision has been made towards interest on such loans. Had the interest been provided, loss for the year would have been higher by Rs. 1152.55 Lacs (Previous Year Rs. 1047.77 Lacs) (based on prevailing terms and conditions of lending) with a corresponding accumulated increase in borrowings by Rs. 3678.05 lacs. Furthermore, such loan balances are subject to confirmation of balance from the lenders. (Refer Note -29b).**
- b. We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe

that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

### **Emphasis of Matter**

We draw attention to the following matters in the Notes to the financial statements:

1. Note no. 29a in the financial statements which indicates that the Company has accumulated losses resulting in erosion of net worth and has incurred net cash losses in the immediately preceding financial year. The current liabilities of the Company exceeded its current assets as at the balance sheet date. The company has disposed of its entire plant and machinery during the year. These conditions may cast doubt about the Company's ability to continue as a going concern.

However, in view of perception of the management, the financial statements of the Company have been prepared on a going concern.

2. Note No. 29c in the financial statements regarding impact of COVID-19 pandemic on the Company. Management is of the view that there are no reasons to believe that the pandemic will have any significant impact on the ability of the company to continue as a going concern. Nevertheless, the impact in sight of evolvement of pandemic in future period is uncertain.

Our opinion is not modified in respect of these matters.

### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

<b>S. No.</b>	<b>Key Audit Matter</b>	<b>Auditor's Response</b>
1	<p><b>Unsecured loans and interest thereon. (refer note 29b).</b></p> <p>The company has obtained short term loans from body corporates of Rs 9000.00 lacs in earlier year. During the year there are no transactions, no repayment, no interest payment/settlement has taken place and the amount are outstanding in the balance sheet which is subject to confirmation</p>	<p>We have applied following audit procedures in this regard</p> <p>We have enquired about balance confirmation and documents related to negotiations with the lenders towards settlement of interest.</p> <p>We have discussed the matter with the management and observed that there are uncertainties in squaring up of such loan</p>

**Information Other than the Standalone Ind AS Financial Statements and Auditors' Report Thereon**

The Company's Board of Directors is responsible for the preparation of other information. The other information comprises the Director's report, Corporate Governance report, Business responsible report and Management Discussion and Analysis of Annual report, but does not include the Standalone Ind AS Financial Statements and our report thereon. The Directors report, Corporate Governance report, Business responsible report and Management Discussion and Analysis of Annual report is expected to be made available to us after the date of this auditors' report.

Our opinion on the Standalone Ind AS Financial Statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Ind AS Financial Statements, our responsibility is to read the other information identified above when it becomes available to us and, in doing so, consider whether the other information is materially inconsistent with the Standalone Ind AS Financial Statements or our knowledge obtained during the course of our audit, or otherwise appears to be materially misstated.

When we read such other information as and when made available to us and if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

**Responsibilities of Management for the Standalone Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and Statement of cash flows of the Company in accordance with the in AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the

standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Standalone Financial Statements**

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error audit procedures, design and perform responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(I) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls
3. Evaluate the appropriateness of accounting policies used and the reasonable ness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the

related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

5. Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### **Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure - I" a statement on the matters specified in paragraphs 3 and 4 of the Order.

2. As required by Section 143(3) of the Act, based on our audit we report that:

a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account.

d) In our opinion, the aforesaid standalone Ind AS financial statements comply with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended.;

e) On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.

**f) The subject matter of qualification as referred in para of “Basis for Qualified Opinion” and matter referred in “Emphasis of Matter” above, which in our opinion may have an adverse effect on the functioning of the company.**

g) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “Annexure II”. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company’s internal financial controls over financial reporting.

h) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company does not have any pending litigations which would impact its financial position.
- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. There has been no amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
- iv. a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity,

including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

v. (a) The company has not proposed and declared any final dividend in the previous year.

(b) The company has not declared and paid any interim dividend during the year.

(c) The Board of Directors of the Company have not proposed any final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting.

(b) in our opinion the terms and conditions of investment made are not, prima facie, prejudicial to the Company's interest;

- (c) the schedule of repayment of principal and payment of interest has not been stipulated the principal amount is repayable on demand and since the repayment of such loan has not been demanded, in our opinion, repayment of the principal amount is regular; and
  - (d) there is no overdue amount in respect of loans granted to such party.
  - (e) No loan granted by the Company which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the over dues of existing loans given to the same party.
  - (f) The Company has provided unsecured loan to a wholly owned subsidiary company for Rs. 338.94 million during the year. The schedule of repayment of principal and payment of interest has not been stipulated the principal amount is repayable on demand.
4. In our opinion, the Company has complied with the provisions of Section 186 of the Act in respect of investments made during the year. Further, in our opinion the Company has not entered into any transaction covered under Section 185 and Section 186 of the Act in respect of loans, guarantees and security.
5. According to the information and explanations given to us the company has not accepted any deposits, in terms of the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the provisions of clause 3(v) of the Order are not applicable.
6. In respect of business activities of the company, Companies (cost records and audit) Rules 2014 as specified by the Central Government under sub-section (l) of section 148 of the Companies Act and rules thereunder are not applicable.
7. a) As per information and explanations given to us, the company is generally regular in depositing undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales-tax, wealth tax, service tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues with the appropriate authorities. There are no undisputed statutory dues as at the last day of the financial year under audit for a period of more than six months from the date they became payable.
- b) We have been informed that no dues outstanding in respect of income-tax, goods and service tax, sales-tax, service-tax, duty of customs, duty of excise and value added tax on account of any dispute.
8. There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).

9. Based on the information and explanations given to us by the management, we are of the opinion that the company has not obtained any loan from bank or financial institutions or government and has not issued any debentures.
10. (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.
- (b) During the year, the Company has not made any preferential allotment of shares.
11. (a) No fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- (c) There is no whistle blower complaints received by the Company during the year (and upto the date of this report).
12. In our opinion, the Company is not a Nidhi Company. Accordingly, provisions of clause 3(xii) of the Order are not applicable.
13. According to information and explanations given to us we are of the opinion that all related party transactions are in compliance with the Section 177 and 188 of Companies Act 2013. Necessary disclosures have been made in the financial statements as required by the applicable accounting Standards.
14. (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered, the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.
15. According to information and explanations given to us the Company has not entered into any non-cash transaction with the director or any person connected with him during the year.
16. (a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.
- (b) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.

19. On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
20. (a) There are no unspent amounts towards Corporate Social Responsibility (CSR) on other than ongoing projects requiring a transfer to a Fund specified in Schedule VII to the Companies Act in compliance with second proviso to sub-section (5) of Section 135 of the said Act. Accordingly, reporting under clause 3(xx)(a) of the Order is not applicable for the year.
- (b) There are no unspent amount u/s 135(5) of the company act ,2013 hence clause xx (b) is not applicable.
21. This clause is not applicable on audit report on standalone financial statements.

## **ANNEXURE- II TO THE INDEPENDENT AUDITOR'S REPORT**

### **(Referred to in paragraph 2(g) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)**

We have audited the internal financial controls over financial reporting of **MONIND LTD (FORMERLY KNOWN AS MONNET INDUSTRIES LIMITED)** ("the Company") as of 31<sup>st</sup> March 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence I/we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### **Meaning of Internal Financial Controls Over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally

accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, the company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31<sup>st</sup> March 2022, based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on "Audit of Internal Financial Controls Over Financial Reporting" issued by the Institute of Chartered Accountants of India.

## **Significant Accounting Policies**

### **Standalone financial statements of MONIND LTD (FORMERLY KNOWN AS MONNET INDUSTRIES LIMITED) for the year ended 31-March-2022**

#### **1. Corporate information**

Monnet Industries Limited was incorporated on 14<sup>th</sup> September 1982. The company is engaged in manufacturing/processing of Basic Iron and Steel.

The financial statements of the company for the year ended 31st March 2022 were authorized for issue in accordance with a resolution of the directors on 30<sup>TH</sup> MAY 2022.

#### **2. Significant accounting policies**

##### **2.1 Basis of preparation**

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 and the Companies (Indian Accounting Standards) (Amendment) Rules, 2016.

The financial statements have been prepared on a historical cost basis, except for the certain assets and liabilities which have been measured at different basis and such basis has been disclosed in relevant accounting policy.

The financial statements are presented in INR and all values are rounded to the nearest lacs (INR 00,000), except when otherwise indicated.

##### **2.2 Significant accounting policies**

###### **a. Current versus non-current classification**

The Company presents assets and liabilities in the balance sheet based on current / non-current classification.

An asset/liability is treated as current when it is:

- Expected to be realised or intended to be sold or consumed or settled in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised/settled within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other assets and liabilities are classified as non-current.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

**b. Property, plant and equipment**

**i) Tangible assets**

Property, plant and equipment are stated at cost [i.e., cost of acquisition or construction inclusive of freight, erection and commissioning charges, non-refundable duties and taxes, expenditure during construction period, borrowing costs (in case of a qualifying asset) upto the date of acquisition/ installation], net of accumulated depreciation.

When significant parts of property, plant and equipment (identified individually as component) are required to be replaced at intervals, the Company derecognizes the replaced part, and recognizes the new part with its own associated useful life and it is depreciated accordingly. Whenever major inspection/overhaul/repair is performed, its cost is recognized in the carrying amount of respective assets as a replacement, if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in the statement of profit and loss.

The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Property, plant and equipments are eliminated from financial statements, either on disposal or when retired from active use. Losses/gains arising in case retirement/disposals of property, plant and equipment are recognized in the statement of profit and loss in the year of occurrence.

Depreciation on property, plant and equipments are provided to the extent of depreciable amount on the straight line (SLM) Method. Depreciation is provided at the rates and in the manner prescribed in Schedule II to the Companies Act, 2013.

The residual values, useful lives and methods of depreciation/amortization of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

**ii) Capital work in progress**

Capital work in progress includes construction stores including material in transit/ equipment / services, etc. received at site for use in the projects.

All revenue expenses incurred during construction period, which are exclusively attributable to acquisition / construction of fixed assets, are capitalized at the time of commissioning of such assets.

**c. Borrowing Costs**

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective asset. All other borrowing costs are expensed in the period in which they occur.

**d. Impairment of non-financial assets**

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

Impairment losses of continuing operations, including impairment on inventories, are recognised in the statement of profit and loss.

**e. Inventories**

Items of inventories are measured at lower of cost or market value. Cost of inventories comprises of cost of purchase, cost of conversion and other costs including manufacturing overheads incurred in bringing them to their respective present location and condition. Cost of raw material, stores and spares, packing materials, trading and other products are determined on weighted average basis.

**f. Revenue Recognition**

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue from operations includes sale of goods, services and excise duty, adjusted for discounts (net).

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the interest rate applicable.

Dividend Income is recognised for as and when declared by respective company.

**g. Foreign currency transactions**

The Company's financial statements are presented in INR, which is also its functional currency.

Foreign currency transactions are initially recorded in functional currency using the exchange rates at the date the transaction.

At each balance sheet date, foreign currency monetary items are reported using the exchange rate prevailing at the year end.

Exchange differences arising on settlement or translation of monetary items are recognised in statement of profit and loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

**h. Taxes on income**

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the balance sheet date. Tax relating to items recognized directly in equity/other comprehensive income is recognized in respective head and not in the statement of profit & loss.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

**i. Provisions, Contingent liabilities and Contingent assets**

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liability is disclosed in the case of:

- a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation;
- a present obligation arising from past events, when no reliable estimate is possible

Provisions, contingent liabilities and contingent assets are reviewed at each balance sheet date.

#### **j. Leases**

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Company as a lessee

From 1 April 2019, leases are recognised as a right-of-use asset and a corresponding liability at the date at which the leased asset is available for use by the Company. Contracts may contain both lease and non-lease components. The Company allocates the consideration in the contract to the lease and non-lease components based on their relative stand-alone prices.

Assets and liabilities arising from a lease are initially measured on a present value basis. Lease liabilities include the net present value of the following lease payments:

- fixed payments (including in -substance fixed payments), less any lease incentives receivable
- variable lease payment that are based on an index or a rate, initially measured using the index or rate as at the commencement date
- amounts expected to be payable under residual value guarantees, if any
- the exercise price of a purchase option if any, if the Company is reasonably certain to exercise that option
- payment for penalties for terminating the lease, if the lease term reflects the Company exercising that option

The lease payments are discounted using the interest rate implicit in the lease. If the rate cannot be readily determined, which is generally the case for leases in the Company, the lessee's incremental borrowing rate is used, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment with similar terms, security and conditions.

Lease payments are allocated between principal and finance cost. The finance cost is charged to the statement of profit and loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period. Variable lease payments that depends on sales are recognised in the statement of profit and loss in the period in which the condition that triggers those payments occurs.

Right-of-use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis. If the Company is reasonably certain to exercise a purchase option, the right-of-use asset is depreciated over the underlying assets useful life.

Payments associated with short-term leases are recognised on a straight-line basis as an expense in the statement of profit and loss. Short term leases are the leases with a lease term of 12 months or less. Further, rental payments for the land where lease period is considered to be indefinite or indeterminable, these are charged off to the statement of profit and loss.

#### **k. Earnings per share**

Basic earnings per equity share is computed by dividing the net profit after tax attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted earnings per equity share is computed by dividing adjusted net profit after tax by the aggregate of weighted average number of equity shares and dilutive potential equity shares during the year.

## **l. Cash and cash equivalents**

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand, cheques on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above.

## **m. Fair value measurement**

The Company measures financial instruments such as derivatives and certain investments, at fair value at each balance sheet date.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the balance sheet on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

## **n. Financial instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

### **(a) Financial assets**

#### **Classification**

The Company classifies financial assets as subsequently measured at amortized cost, fair value through other comprehensive income or fair value through profit or loss on the basis of its business model for managing the financial assets and the contractual cash flows characteristics of the financial asset.

#### **Initial recognition and measurement**

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

#### **Subsequent measurement**

For purposes of subsequent measurement financial assets are classified in below categories:

- **Financial assets carried at amortised cost**

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

- **Financial assets at fair value through other comprehensive income**

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Company has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model.

- **Financial assets at fair value through profit or loss**

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

#### **Derecognition**

A financial asset is primarily derecognized when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

#### **Impairment of financial assets**

The Company assesses impairment based on expected credit losses (ECL) model for measurement and recognition of impairment loss on the financial assets that are trade receivables or contract revenue receivables and all lease receivables.

### **(b) Financial liabilities**

#### **Classification**

The Company classifies all financial liabilities as subsequently measured at amortized cost, except for financial liabilities at fair value through profit or loss. Such liabilities, including derivatives that are liabilities, shall be subsequently measured at fair value.

#### **Initial recognition and measurement**

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, and derivative financial instruments.

#### **Subsequent measurement**

The measurement of financial liabilities depends on their classification, as described below:

- **Financial liabilities at amortised cost**

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

- **Financial liabilities at fair value through profit or loss**

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognized in the statement of profit and loss.

#### **Derecognition**

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit and loss.

- o. Unless specifically stated to be otherwise, these policies are consistently followed.

## **2.3 Significant accounting judgements, estimates and assumptions**

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities at the date of the financial statements. Estimates and assumptions are continuously evaluated and are based on management's experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

In particular, the Company has identified the following areas where significant judgements, estimates and assumptions are required. Further information on each of these areas and how they impact the various accounting policies are described below and also in the relevant notes to the financial statements. Changes in estimates are accounted for prospectively.

### **Judgements**

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognized in the financial statements:

#### **Contingencies**

Contingent liabilities may arise from the ordinary course of business in relation to claims against the Company, including legal, contractor, land access and other claims. By their nature, contingencies will be resolved only when one or more uncertain future events occur or fail to occur. The assessment of the existence, and potential quantum, of contingencies inherently involves the exercise of significant judgments and the use of estimates regarding the outcome of future events.

#### **Estimates and assumptions**

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market change or circumstances arising beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

**(a) Impairment of non-financial assets**

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or CGU's fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded subsidiaries or other available fair value indicators.

**(b) Defined benefit plans**

The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and future pension increases. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

**(c) Fair value measurement of financial instruments**

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

**(d) Impairment of financial assets**

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgments in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

#### **Earning per share**

Basic and Diluted EPS amounts are calculated by dividing the profit / loss for the year attributable to equity holders of the company by the weighted average number of Equity shares outstanding during the year.

Diluted EPS amounts are calculated by dividing the profit / loss attributable to equity holders of the company by the weighted average number of Equity shares outstanding during the year plus the weighted average number of Equity shares that would be issued on conversion of all the dilutive potential Equity shares into Equity shares.

The following reflects the income and share data used in the basic and diluted EPS computations:

**Note-26 - Financial risk management objectives and policies**

The Company's principal financial liabilities, comprise borrowings, trade and other payables, security deposits and others. The Company's principal financial assets include trade and other receivables and cash and short-term deposits and loans.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's management oversees the management of these risks. The Company's senior management is supported by a Risk Management Compliance Board that advises on financial risks and the appropriate financial risk governance framework for the Company. The financial risk committee provides assurance to the Company's management that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The management reviews and agrees policies for managing each of these risks, which are summarised below.

**I. Market risk**

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk. Financial instruments affected by market risk include deposits.

The sensitivity analyses of the above mentioned risk in the following sections relate to the position as at 31 March 2022 and 31 March 2021.

The analyses exclude the impact of movements in market variables on: the carrying values of gratuity and other post-retirement obligations; provisions; and the non-financial assets and liabilities of foreign operations. The analysis for contingent liabilities is provided in Note 34.

The following assumptions have been made in calculating the sensitivity analyses:

- The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at 31 March 2022 and 31 March 2021.

A. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes

	Increase/dec rease in basis points	Effect on profit before tax
		INR Lacs
<b>31-Mar-22</b>		
INR	+50	NIL
INR	-50	NIL
<b>31-Mar-21</b>		
INR	+50	NIL
INR	-50	NIL

The assumed movement in basis points for the interest rate sensitivity analysis is based on the currently observable market environment, showing a significantly higher volatility than in prior years.

B. Foreign currency sensitivity

Foreign currency risk is the risk that the fair value of future cash flows of an exposure will fluctuate because of changes in exchange rates. Foreign currency risk sensitivity is the impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities. The following tables demonstrate the sensitivity to a reasonably possible change in USD and EURO exchange rates, with all other variables held constant.

	Change in USD rate	Effect on profit before tax
		INR in Lacs
<b>31-Mar-22</b>		
	+5%	NIL
	-5%	NIL
<b>31-Mar-21</b>		
	+5%	NIL
	-5%	NIL

The movement in the pre-tax effect on profit and loss is a result of a change in the fair value of derivative financial instruments not designated in a hedge relationship and monetary assets and liabilities denominated in INR, where the functional currency of the entity is a currency other than INR.

**II. Credit risk**

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions.

Credit risk from investments with banks and other financial institutions is managed by the Treasury functions in accordance with the management policies. Investments of surplus funds are only made with approved counterparties who meet the appropriate rating and/or other criteria, and are only made within approved limits. The management continually re-assess the Company's policy and update as required. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty failure.

The maximum credit risk exposure relating to financial assets is represented by the carrying value as at the Balance Sheet date

A. Trade receivables

Customer credit risk is managed by each business unit subject to the Company's established policy, procedures and control relating to customer credit risk management. Credit quality of a customer is assessed based on an extensive credit review and individual credit limits are defined in accordance with this assessment. Outstanding customer receivables are regularly monitored.

An impairment analysis is performed at each reporting date on an individual basis for major clients. The calculation is based on historical data. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in Note 28. The Company does not hold collateral as security. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and operate in largely independent markets.

B. Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Company's treasury department in accordance with the Company's policy. Investments of surplus funds are made only with approved counterparties.

**III. Liquidity risk**

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments.

	On demand	Less than 3 months	3 to 12 months	1 to 5 years	> 5 years	Total

\* Absolute numbers not amortised value.

**IV. Excessive risk concentration**

Concentrations arise when a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations indicate the relative sensitivity of the Company's performance to developments affecting a particular industry.

**26A Financial instrument-fair valuation and risk management**

**a. Financial instruments - by category and fair values hierarchy**

**Fair value hierarchy**

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The level within which the financial asset or liability is classified is determined based on the lowest level of significant input to the fair value measurement.

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy.

**MONIND LIMITED**

**(Formerly known as MONNET INDUSTRIES LIMITED)**

**Notes to the standalone financial statements for the year ended 31st March 2022**

**(Rupees in Lakhs, except for share data and if otherwise stated)**

The fair value of the financial asset/liability is the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The carrying amount of trade receivables, trade payables, current borrowings, cash and cash equivalents, bank balances other than cash and cash equivalents and other current financial assets and other current financial liabilities approximates their fair values, due to their short term nature.

The fair values of the long term borrowings, non-current loans are determined by using discounted cash flow method using the appropriate discount rate. The discount rate is determined using other similar instruments incorporating the risk associated.

There has been no transfer between level 1, level 2 and level 3 for the years ended 31 March 2022 and 31 March 2021.

**MONIND LIMITED**  
**(Formerly known as MONNET INDUSTRIES LIMITED)**

Note: 27

**Capital Management**

The objective of the Company's capital management structure is to ensure that there remains sufficient liquidity within the Company to carry out committed work programme requirements. The Company monitors the long term cash flow requirements of the business in order to assess the requirement for changes to the capital structure to meet that objective and to maintain flexibility.

The Company manages its capital structure and makes adjustments to it, in light of changes to economic conditions. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital, issue new shares for cash, repay debt, put in place new debt facilities or undertake other such restructuring activities as appropriate.

No changes were made in the objectives, policies or processes during the year ended 31 March 2022.

## MONIND LIMITED

(Formerly, Monnet Industries Limited)

### OTHER NOTES ON ACCOUNTS

- 29.
- a. The accumulated losses of the company as on 31<sup>st</sup> March 2022 exceeded its Paid Up Capital & Free Reserves. Net worth of the company have become negative and the company has incurred cash losses during the year and immediately preceding previous year and current liabilities are significantly higher than current assets. In this regard the management perceives that there will be improvisation in financial performance of the company. Accordingly, the financial statements of the company have been prepared on Going Concern Basis.
  - b. **During the year, the Company has no major business activities and in view of continued liquidity constraints, the Company has sought waiver of interest on unsecured short-term loans. In view of aforesaid, no provision has been made towards interest on such loans. Had the interest been provided, loss for the year would have been higher by Rs. 1152.55 Lacs (Previous Year Rs. 1047.77 Lacs) (based on prevailing terms and conditions of lending) with a corresponding accumulated increase in borrowings by Rs. 3678.05 lacs. Furthermore, such loan balances are subject to confirmation of balance from the lenders.**
  - c. COVID-19 pandemic is still evolving and impact on working of the company is uncertain. However, management is of the view that looking into its nature of business and the products company is dealing in, and steps being taken to provide support by various means from the regulators/governments, there are no reason the believe that current crisis will have any significant impact on the ability of the company to maintain its normal business operations including the assessment of going concern for the company.
